

Are you looking for a way to start a conversation with your children about your breast cancer diagnosis?

Reading for Reassurance

Books are a great tool for answering the many questions that arise for children whose parent is facing an illness.

Living Beyond Breast Cancer provides **FREE**, age-appropriate books for children (ages 4–17) whose parent has received a breast cancer diagnosis. Through the **Reading for Reassurance** program, children and teens can read their way through stories that mirror their own.

All of the books included in the program have been reviewed by a childhood educator who has been affected by breast cancer.

TO GET YOUR FREE BOOKS, complete our short request form at **[LBBC.ORG/READING](https://www.lbbc.org/reading)** and we will mail you 2 books within two–three weeks.
