With you, for you.
For over 25 years Living Beyond Breast Cancer has helped people diagnosed with breast cancer and their caregivers. We provide trusted information to help you make informed decisions while connecting you to a community of support that can listen, reassure and empower.

Online Resources
- Learn about your diagnosis and treatment options, watch educational videos, listen to audio recordings, read personal stories and learn about upcoming events on our website, LBBC.ORG.

Educational Guides
- Read our Guides to Understanding to learn more about breast cancer and get tips on issues people diagnosed with breast cancer face. Topics include treatment decisions, financial concerns, managing emotions and more.

National Conferences
- Attend one of our national conferences to learn about the latest medical research while connecting with others who have been impacted by breast cancer.

Get Support
Breast Cancer Helpline:
(888) 753-5222
- Call our Helpline to speak with a trained volunteer who has personal experience with breast cancer and can connect you with resources.

Blog
- Read personal stories of people impacted by breast cancer. You may feel empowered to tell your story, too.

Social Media
- Follow us to find out what’s trending and stay connected with others. We’re on Facebook, Twitter, Instagram, YouTube and Pinterest.

Get Involved
Volunteer
Donate your time and talent to help us reach more people. Volunteers represent us in their communities, provide support in our office, and assist us at events.

Donate
Help us make a difference in the lives of those diagnosed with breast cancer by making a donation at lbbc.org/give.

LBBC’s Reach & Raise
Join or host an inspirational yoga fundraising event. Connect with your community and support those diagnosed with breast cancer. Learn more at lbbc.org/reachandraise.

DIY Fundraisers
Use your personal passion to create a unique fundraising event to support our work.

Young Women’s Initiative
Being diagnosed with breast cancer before age 45 brings additional concerns and questions. Our programs and resources help young women with a history of breast cancer cope with their diagnosis and connect with others who understand.

- Let’s Talk About It Videos
- Webinars, events and more
- Young Advocate Program
