

Apply to become a Survivorship Series Program Leader!

Training will be held virtually on **Feb. 7, Feb. 28, and March 1, 2023.**

Start a Survivorship Series at your cancer center.

Our Survivorship Series will train you on how to address the unique issues experienced by young women diagnosed with breast cancer and will provide materials and resources to implement the education sessions at your cancer center.

This year Living Beyond Breast Cancer will be accepting team applications from up to two staff members from a cancer center. One of the team members must be an oncology nurse navigator.

Ideal candidates for the Survivorship Program:

- are registered nurses and oncology nurse navigators with at least 2 years work experience, or are working with a team member who has these qualifications
- work at a community cancer center in the northeast region of the United States
- have a patient caseload which is at least 70% breast cancer patients
- have experience leading group patient education sessions
- have the capacity and support of their institution to implement the Survivorship Series between April and September 2023
- are employed in the following states: Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont
