

# THRIVE 365

I made a promise to my mom to do more to make my voice heard and her voice heard. That's what I do now (through LBBC's Leadership Volunteer program)—help other warriors and caregivers have a voice and let them know they are not alone.

— Ashlynn, diagnosed with triple-negative breast cancer at age 23

Living Beyond Breast Cancer's Young Advocate Program provides the tools and training to help young people use their personal breast cancer experience to make a difference in their communities.

**Living Beyond Breast Cancer has trained 772 leadership volunteers. In 2023, LBBC leadership volunteers reached over 78,000 people through advocacy outreach.**

**DONATE** to Living Beyond Breast Cancer to help make a difference in the lives of those impacted by breast cancer. **#Thrive365**
