

LIVING BEYOND BREAST CANCER®

Trusted tools
for you.
Real help
for your patients.

Your partner in patient-centered breast cancer care.

ABOUT LIVING BEYOND BREAST CANCER

For 35 years, Living Beyond Breast Cancer (LBBC) has connected healthcare providers and people impacted by breast cancer with the resources they need most.

HOW WE SUPPORT YOU

Programs that complement your practice and strengthen patient-provider communication:

Survivorship training program

Prepares providers to deliver survivorship education at their own centers.

Provider education

Live and on-demand webinars on breast cancer care, some with CE/CME credit.

Clinical tools

Toolkits, downloads, and discussion guides for topics like sexual health, biomarker testing, and emotional well-being.

Referral confidence

Evidence-based resources you can share directly with patients.

Timely updates

Monthly provider e-newsletter with the latest resources and tools.

HOW WE SUPPORT YOUR PATIENTS

Real help, every step of the way to help your patients make confident choices.

Connect

Help patients find community and support

- Breast Cancer Helpline: Trained volunteers who have also faced a breast cancer diagnosis
- Online community: Safe space to share experiences, learn, and connect
- Virtual and in-person gatherings

Learn

Offer knowledge your patients can trust

- Medically reviewed articles and videos
- Webinars and conferences led by trusted experts
- Leadership opportunities and advocacy training

Thrive

Support real-life needs

- Financial assistance grants
- Practical guides for surgery, appointments, and daily life
- Family resources to help with difficult conversations

“LBBC has been an important resource for my breast cancer patients for years. They excel in education and are very patient friendly.” — Patient Navigator
